Read Matthew 13:33 and compare with Zechariah 5:5-11

- How many ephahs, or measures, are seen in the parable found in Zechariah, and what does it mean to "go forth"?

- How many women do you see in the Zechariah parable?
Hint: A woman is a symbol of a mindset that submits to another. Either submit to God and be free, New Jerusalem, or submit to the law and men's opinions, and remain a bondservant.

- What is the land of Shinar? Hint: Genesis 10:10

- Where else, in the bible, do we see Babylon divided into three parts?

- How many women and how many measures are in the parable found in Matthew 13:33?

- What is the leaven of the Pharisees? (Compare Luke 12:1)
